All applicants must provide

- Two months of recent bank statements for all accounts
- Proof of professional eligibility (e.g. a payslip, an employment contract or staff work pass)
- Evidence of medical condition, statement of arrears or a letter of support from an independent professional.

The letter of support must be by someone acting in a professional capacity. This could be a GP, Health Visitor, Housing Agency Worker, CAB Worker or Social Worker. This person must not be a family member, friend or colleague.

The application cannot be processed until all of the above documents have been provided and all applicants will be given a two-week deadline to provide any outstanding supporting documents. If the additional documents are not provided by the deadline, the application will be closed and we will be unable to accept another application for 12 months.

Applicants are not guaranteed assistance, as all applications are judged on a case-by-case basis. Incomplete applications will not be considered. The Trustees consider applications on a regular basis. Applicants are notified as soon as possible after the decision has been made.

Applicants will only be considered for funding once in a 12-month period. If you are successful, the grant amount awarded will represent the full grant for the year and no further payments will be made for 12 months. If you are unsuccessful, you will be eligible to re-apply for funding once 12 months have passed since your initial application.
